

## NEWS AND VIEWS . . .

### And What Have You

By BOB CRAIG

With the National Elections less than three weeks away one can draw some rather interesting conclusions from the current strength of George Wallace.

The first of which is that most of his supporters, in this area at least, are long time Democrats who feel that their party has deserted them in the swing to the left. Normally, when people feel this way they just have two choices--either vote for the other party or stay home.

But two facts change the picture this year. One is a supposedly third choice and the other is that most of these are people that have grown up with the belief that to vote Republican is worse than sinning.

But the real irony in the whole political situation is that voting for Wallace is somewhat like mortgaging your home to bet on a 100-to-one shot. For if you win, everything is great, but if you lose, you lose everything.

The simple reason for this is that with our election system, Wallace must win an outright victory in the Electoral College to have anything. If he loses here, but yet runs strong enough to throw the race into the House, then it would appear that Humphrey would have the edge.

This is where the irony comes in, because it would appear to us that anyone who backs Wallace would hold Humphrey as a poor third choice--

The main problem with Wallace's campaign is that our whole system of government is built around a two-party system and is not made to function split three or four ways. And you can rest assured that if a third party is successful it won't be long before there is a fourth and a fifth and so on, with every special group having their own party. And if you have ever studied the history of countries with multi-party governments you know that they are in constant danger of collapse.

Our only advice to Wallace supporters is to either pick out the best of the two main party candidates and vote for them or scratch all of them. For we believe that in spite of the best of intentions, a vote for Wallace could mean disaster for our nation, not because he is bad or wrong but simply because he does not have a party behind him. He would be all alone in Washington and in spite of all his good intentions he could accomplish very little.

The next question is, if you don't support Wallace who do you support? This is a tremendous problem for the conservative South, including Texas. We have many people that say that they vote for the party and not for the man, but how long can you stand by while your party drifts farther and farther away from your views?

It gets even more complicated when you realize that there really is no relationship between the Democratic Party of Texas and the National Democratic Party.

It seems to us that Party philosophy is becoming more important than Party name.

Just because Hubert Humphrey is not as liberal as Sen. McCarthy or the late Sen. Robert Kennedy does not make him a conservative or even a moderate. For if you think that President Johnson has been too liberal just take a look at Humphrey's past record.

We can see no reason for fighting for sound moderate government in Texas and then turning around and voting for more and more giveaway programs at the national level.

Because of this and because Richard Nixon comes closer to having the philosophy of most of the voters in Texas this paper is endorsing him for President. At the same time and without any problems of conflict, we are endorsing the entire Democratic Party ticket on the state level.

PUNT, PASS AND KICK WINNERS -- Winners in the Punt, Pass and Kick Competition display their trophies. They are, left to right, front row, Gaylon Roberts, first, Lynn Davis, second, and Tony Truelove, third in the eight-year-old bracket; Paul Reynolds, first, Phillip George, second, and Mike Corley, third, in the nine-year-old division; second row, Gerald Rodgers, first, Ricky Joe Furr, second, Alan

## Higher Parcel Post, Catalog Rates to Go In Effect Saturday

Postmaster W. L. Hunter Jr. reminded postal customers today that higher parcel post and catalog rates will go into effect Saturday October 19th.

The rate increase will average 10.5 per cent and in most cases will mean an additional ten cents postage per parcel.

The higher rates were approved by the Interstate Commerce Commission in July.

Under the new rates the minimum charge for local parcel delivery will go from 40 to 50 cents. The minimum charge for parcels destined outside the local delivery area will be raised from 50 cents to 60 cents.

Almost all parcels that are charged up to \$1.10 under present rates will go up 10 cents. This accounts for more than 80 per cent of all parcel post. Postmaster Hunter pointed out.

There will be a 15-cent hike on most parcels now charged between \$1.10 and \$4, and a 20-cent increase on parcels now charged over \$4.

Parcel post rates are based

on the weight of the package and the distance it is mailed.

Higher rates for the delivery of packages and catalogs are required to bring revenue from this type of mail within four percent of operating costs, as required by law, the postmaster explained. The higher rates are designed to put parcels and catalogs, which are fourth-class mail, on a break-even basis.

Additional revenue is needed from parcel post and catalogs to off-set higher costs resulting from pay increases approved last year for postal employees.

Tickets are now on sale by the officers. Other officers are Mrs. Lanny Foster, O. H. Weaver Jr., Mrs. David Wade, Mrs. Herbert Lakey, Tommy Robertson and Mrs. Bill Harbert.

## CUB PACK TO MEET

The Cub Scouts and Webelos will have a Pack meeting Monday night at 7:30 p.m. at the primary cafeteria.

Cubmaster Gean Witt said that new dens will be organized and all boys in the second grade who would like to become Cubs are urged to be present with a parent.

## Pipers to Host Ballinger Here In Crucial Tilt

The Pied Pipers will host the second place team in the District Friday night when they play the Ballinger Bearcats here at 8 p.m. Both teams will be working hard for a win as a loss could eliminate either team from contention for the title.

While the Pipers were winning their hard fought defensive battle with Winters, 14-6, last Friday the Bearcats were being tied by the Anson Tigers, 6-6. The tie put the Bearcats a half game behind the leading Stamford Bulldogs and only a half game ahead of Hamlin, Haskell, Winters and Merkel. Anson finds itself a half game back of the pack with a loss and a tie. Coleman, winless in two starts, is in the bottom spot.

While Hamlin and Ballinger tangle Friday night the Stamford Bulldogs will be playing the Badgers at Merkel in an effort to hold onto their first place spot. Winters will be playing at Haskell with both teams trying to stay in the

race with a win. Coleman and Anson will meet at Anson with both teams seeking their first district win.

Coach Joe Youngblood told the Booster Club Monday that he felt the boys played an outstanding game against Winters Friday and that it was probably one of the toughest games the Pipers had played in the past four years. The game was a real defensive battle with our defensive unit giving our offensive unit good field position most of the night, he added.

Coach Youngblood told the boosters that injuries and illness were taking a heavy toll this week with a number of boys missing Monday's workouts. Mike Brown and Ernest Ledbetter, who both missed the game Friday are out and Gil Lain and Jerry Braley were both nursing injuries from Friday night.

Because of the injuries, Coach Youngblood said that they were making several changes in the lineup to fill the gaps. Spencer Ford will be running at tailback with Robert Bolden at slotback and Gary Smith will be moved from slotback to end. Ronnie Nelson will fill a tackle slot.

The Bearcats are 3-1-1 for the season and 1-0-1 in district with a win over Coleman and a tie with Anson. Scouting reports indicate that they are not very big but are quick and hit good.

They have a good passing game but like to run most of the time. Their top offensive back is Quarterback Jim Yarnell, 160-pounds, who is a good passer and likes to run.

## Junior Varsity To Host Abilene B Team Tonight

The Piper Junior Varsity will host the Abilene High B Team here tonight (Thursday) at 7 p.m. This game was originally scheduled for Saturday in Abilene but has been changed.

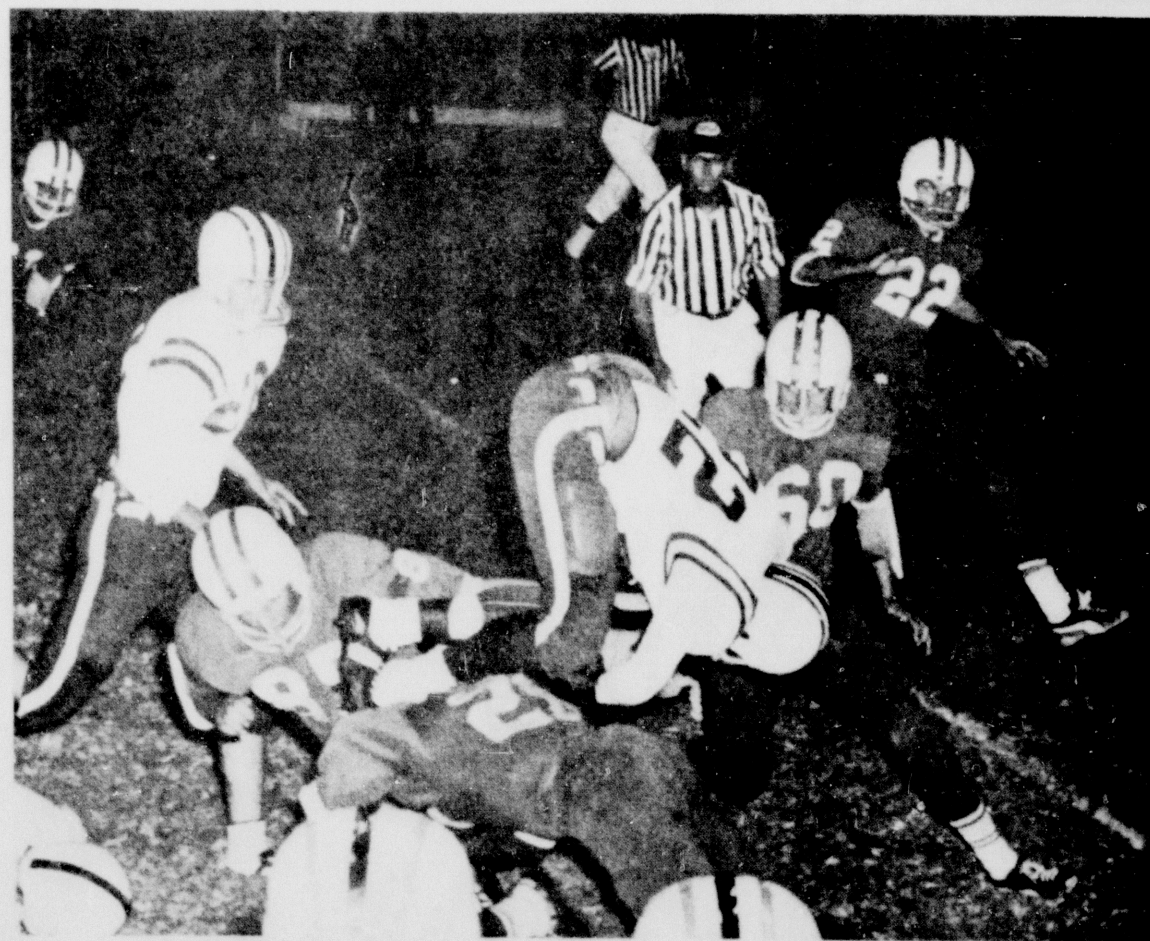

The Abilene team is undefeated this season.

Last Thursday the local JV's fell to Cooper B Team, 12-6.

Mr. and Mrs. Preston Morrow of Rotan were first place winners at the Tuesday evening meeting of Hamlin Duplicate Bridge Club. Mrs. E. Lillius and Bob Preston of Abilene were second and Mrs. Bob Preston and Mrs. Spud Stenson of Abilene were third.

The different demonstrations and projects the 4-H Club girls can carry were discussed. The different areas that 4-H'ers can work are Foods and Nutrition, Clothing, Money Management, Public Speaking, Bedroom and Home Improvement, Leadership and Safety.

### Agronomist Warns Against Grazing Grain Too Early

COLLEGE STATION  
Grazing small grain pastures before they have a chance to make needed growth can reduce their value as suppliers of fall forage.

Dr. Neal Pratt, Extension agronomist at Texas A&M University, says oats, barley, wheat and rye which have and are being planted this fall should be from six to eight inches in height before they are grazed.

Research, he adds, has shown that small grains will produce considerably more fall grazing when allowed to reach the above height when compared with plants which had reached a four inch height when grazing was started.

When grazing is started at the lower height, the plants just don't get a chance to develop since most of the fall growth is made before cold weather begins, explains Pratt.

The plants must have lots of leaves and warm weather for fast growth. When the leaves are grazed off early, the plants at best make only slow growth. This, points out the agronomist, severely limits the grazing during the winter months when the leaves are not growing.

It is a good idea to graze small grain pastures for only a short period each day. By following this practice, the pastures will furnish forage of high quality and the plants will make good growth, concludes Pratt.

Mr. and Mrs. Travis Hubbard attended the wedding of their granddaughter, Judy Hubbard, to Noble Lynn Nordahl in Euless Saturday night. They visited with their son and family. Mr. and Mrs. Charles Hubbard there and visited with their daughters, Mr. and Mrs. W. D. Bristow in Arlington and Mr. and Mrs. Lawrence Cook in Fort Worth.

Mr. and Mrs. Leland Seifres of Whiteface visited her mother, Mrs. Erma Watson in Holiday Lodge and her sister and family, Mr. and Mrs. K. T. Scott over the weekend.

## District President Speaks At Literary Club Luncheon

Mrs. W. V. Wheeler, Mesquite District President of Texas Federation of Women's Clubs, was guest speaker for the noon luncheon opening the year's activities of the Woman's Literary Club.

Mrs. Wheeler of Albany is serving the first year of a two year term. She used the theme for her administration, "Womanpower: Don't Underestimate... Federate," to encourage the local club to achieve much through Federation.

She spelled out Federation in terms of the word magic,

the M relating to members; the A for awareness and action; the G for goals; the I for involvement; and the C for clubwomen.

She said a woman's club is actually her home with the walls extended.

Another statement was "We need to bring self discipline and decency back into style and instill pride in and love of country into individuals today." She added, "What was wrong when we were growing up is still wrong today. What is right is right and what is wrong is wrong, this remains the same."

Bob Craig, Ray Edmiston, Cecil Hardaway, Charles Hilburn, Douglas LeCroy, Dick Maberry, E. E. Monkres, R. D. Moore, W. L. Moran, Charles Reed, Virgil Steele, Robert Wilson, M. T. York, Donald Young, Kenneth Young, and a guest, Mrs. Jerry Williams.

The next meeting will be Friday at 2 p.m. in the home of Mrs. Burkhart. Presenting the program will be Gil Lain, Beth Craig and Pat Perrin, all high school seniors.

This week's recipe has been approved by the staff of the Hamlin Herald. Advertising department manager Annetta Reusch brought a pie down Monday for the staff and visitors who happened by at coffee time to try.

We all approve and send it

out to the readers with only one warning — from our lady Linotype operator, Cel Johnson. Cut it in small servings as it goes a long way, she says.

**MAPLE NUT PIE**  
1 cup PURE maple syrup  
1 can Borden's Eagle Brand milk

3/4 to 1 cup pecans, chopped  
1 baked pie shell

Combine syrup with Eagle Brand milk in a saucepan and cook, stirring constantly, until it thickens. Remove from heat and add nuts. Pour into baked pie shell and place in refrigerator until set. Top with whipped cream and finely chopped nuts before serving.

*In Fashion*

Separates are favorites of the college girl. With her plaid coat she can pick up the colors in skirts, blouses, and extra frocks. Add a jacket and a sweater or two and she has a big part of her fall wardrobe.

Pleated skirts are certainly in this season. They may be pleated all around or with a double or single pleat in front. One unusually smart skirt is lined with a different color which shows if the wearer swings around.

Belts are low or very high. Big buckles are used on some of these belts.

FROM THE FILES . . .

FIFTY - ONE YEARS AGO  
(October 19, 1917)  
(Files for fifty years ago missing)

Wednesday Dr. A. E. Pardue lefthurriedly for Lubbock, in answer to a call, that probably a part of his mules which have been missing for several weeks, had been located there or near there.

On or about Sept. 12, a bunch of some forty or fifty mules left or were taken from Dr. Pardue's pasture west of Hamlin. Since that time extraordinary efforts have been put forth to locate them. There is no doubt but that they were stolen. Officers in every county in Texas, La., Okla., and New Mexico have been placed on the watch. A big reward is offered, and from indications it seems that results will soon be obtained. For several years stock has been missed from farms and ranches in this country and never been found. To put a stop to this, a number of stockmen have a standing pledge of a big reward for the arrest and conviction of any party doing this kind of crime.

TWENTY-FIVE YEARS AGO  
(October 15, 1943)

The teachers of the Hamlin public schools with the assistance of volunteer workers, will issue three thousand ration books to the people of Hamlin on Thursday, Friday and Saturday, Oct. 21, 22 and 23. This is book No. 4.

For some time it has been hoped that the City would do something to make Central Avenue cleaner and more attractive. It is now a reality, thanks from all and everybody. Mayor Culbertson says they are sweeping the street to the side curbs three times each week now and since that is being done, nobody needs to tell anybody about it. It is so outstanding till even a blind man can feel it.

Hamlin plastered Munday last Friday night to the tune of 44 to 13.

The Senior Class met Oct. 14 to elect the candidates for High School favorite and class favorite. Billie Jean Holland is the candidate for High School favorite. Her escort is Carl Myers.

The Sophomore class met on Tuesday, Sept. 28, to elect a queen. The queen elected was Diane Carlton. Escort Brad Rowland, Ladies in waiting, Elaine Jones and Bebe Shelton.

Mr. and Mrs. O. E. Brandon announce the birth of a son, Robert Lee at the Stamford Hospital on Sunday, Oct. 10.

TEN YEARS AGO  
(October 16, 1958)

Awards were given for outstanding Fire Prevention Week posters at an assembly held at Hamlin Junior High School auditorium this week. Kay McCoy was awarded first prize. Diane Bond, second prize and Connie Jo Duncan third prize.

Another rainy season returned to the Hamlin territory the first of the week to dump nearly two inches of unneeded moisture on the area and further slow down the harvest of cotton that already had been hampered for several weeks by drizzles and drenches.

Rains and bad weather had persisted for some time to keep laborers out of the fields last month. The sun broke through the haze 10 days ago to give the farmers a little respite and chance to get in a few licks at the deteriorated cotton. Estimates are that only about 20 per cent of the cotton has been gathered whereas about 75 per cent of it is ready to be pulled.

After letting the Childress High School Bobcats get off to a six point lead in the first quarter, Hamlin High School's Pied Pipers came back fast and strong to take a 26 to 12 decision in the last non conference game of the season played Friday night at Childress.

Members and friends of the Hamlin Riding Club held a trail ride and weiner roast Saturday evening even though the weather was chilly and it was drizzling rain.

The mounted group rode down Central Avenue and on to the City Park where the non riders had a fire built for weiner roasting and keeping warm.

Members also ordered their shirts for parade riding. About 50 members attended the Saturday afternoon shindig.

Members of Zeta Gamma Phi Sorority met last Thursday in the home of Mrs. E. D. Perrin.

Mrs. Holly Toler gave an interesting program on the sense of touch. Mrs. Arlie Cassle gave a report from the Woman's Forum meeting.

Annual convention of the Jones County Farm Bureau will be held in the Anson High School auditorium Saturday, Oct. 18 at 7:00 o'clock it is announced by C. E. Gregory of Hamlin, president of the organization.

Six new directors will be elected and county resolutions will be adopted which will guide Farm Bureau in its state and national issues for another year.

"Whatsoever Things"

By DONALD E. WILDMON

We humans can put some things on the books and then forget about them easier than we realize. Take the case of what happened over in London. Britain's Law Commission came up with a list of recommendations for repeal of all laws "that cannot positively be shown to perform a useful function." Heading the list was "An act for the attainder of several persons guilty of the horrid murder of his late sacred Majesty King Charles the First." Charles I was executed in 1649.

Yep, we are slow about removing things from the books sometimes. Take church rolls, for instance. They contain more names on them than perhaps at any time in history. Yet when you try to match those names with people actually doing their part in the work of the church, you come up kinda short—and amazed!

A recent article stated that in an average church one third of it's members were active with regularity, one third were "occasional" in relationship to their vows, and one third ignored their responsibility to the church completely. I guess that that is about per for the course.

Pick up an average church roll and you will find names there that would surprise those who have been life-long members of the church. Recently a minister was asking a member about a name on the roll that he was having difficulty locating. "Preacher," said the faithful member, "I have been active here for thirty years and I don't know who that is."

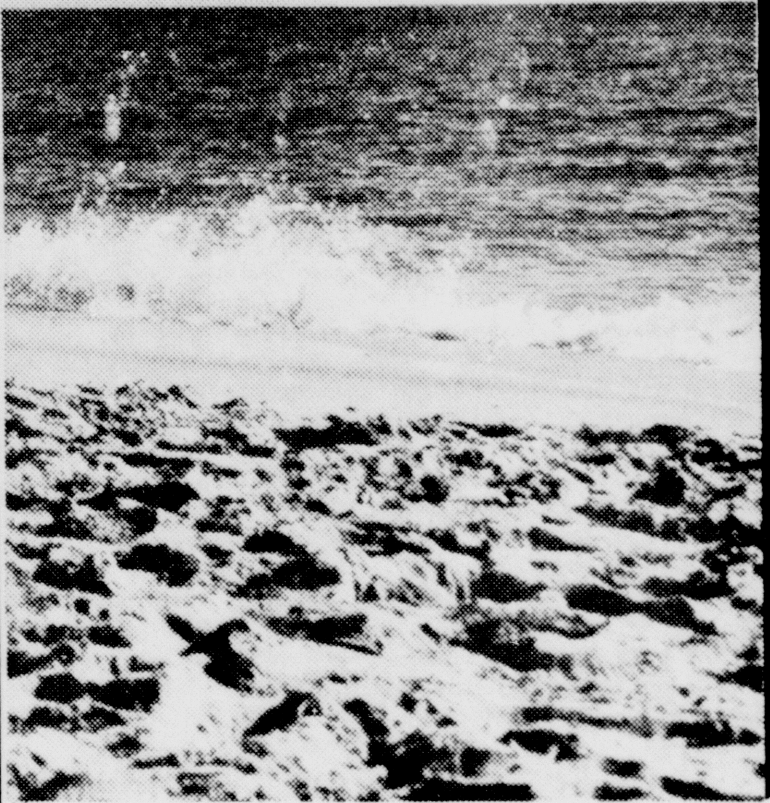

Maybe we should approach those who are "members" in name only and ask them to remove their name from the roll. This has been tried occasionally in the past. Most of the time those whose names are on the roll but hearts aren't in the church get very upset. I guess that if one has their name on a roll here it is a kind of insurance policy that their name will be on the Roll Up There.

But those who fit this category about names on the roll and never supporting the church aren't the only ones who must bear the blame. A great part—maybe the largest part—falls on the shoulders of active church people who refuse to make church membership a serious and meaningful experience. We "soft-pedal" this thing of church membership and the result is that for more than half the membership it is a second-rate affair.

That's the difference between us and Him. He never toned it down, never lowered the standards, never offered it cheaply. He never had more than a handful, but He changed the world. We have a roll full and cannot change our local communities. He reminded them how great the cost, we tell them it is free.

If I had my name on the roll and didn't intend to live up to my vows I would take it off. And I believe I would begin to make church membership meaningful again by explaining the cost. Why? Because His way is so much superior to ours.

FIVE STAR FEATURES

Many more words of comfort await you in the Bible and in the Church as His words are proclaimed from the pulpit. We invite you to attend church this week. You will be glad you did.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## Two Range Meetings Set In Sonora, Abilene, Oct. 24, Nov. 1

**COLLEGE STATION** — Two range events, one at Sonora on October 24 and the other in Abilene on November 1, should be of much interest to ranchmen of West Texas. B. J. Ragsdale, Extension range specialist, says the Sonora meeting will be held at the Texas A&M University Agricultural Research Station and the Ranch Management Conference on the campus of Abilene Christian College.

The Sonora meeting will feature a tour of the research pastures at the Station with emphasis on stocking rates, best combinations of livestock, and grazing systems. The tour will begin at 10 a.m. Tour speakers will include Dr. Leo Merrill, range specialist and Pat Reardon, research associate, both of the Station; Dr. C. L. Leinweber, head, A&M's Department of Range Science; J. L. Richmond, area conservationist, SCS, San Angelo, and Ragsdale.

The Sutton County 4-H Club will serve a Dutch treat barbeque at noon.

Immediately after lunch, Dr. L. S. Pope, associate dean of A&M's College of Agriculture, will speak on "Building a Coordinated Livestock Forage Management Plan."

Dr. W. J. Waldrup, manager, Spade Ranches, Colorado City, will discuss "Adapting Research Results to a Ranching Operation" and Charles Ramsey, Extension wildlife specialist, will speak on "Economics of Wildlife on Rangelands."

The meeting is scheduled to adjourn by 3 p.m. Ragsdale says the purpose of the Ranch Management Conference at Abilene is to bring to ranchers practical information on problems they encounter in their ranching

operations. Such items as grassland leasing, reseeding of rangelands, grazing distribution, grazing systems and economics of grassland management will be discussed by Fort Worth Banker Arthur Scharlach; J. B. Harlan, SCS, Henrietta; Ragsdale; Dr. Leo Merrill; John Merrill, Texas Christian University and Henry Turney, Dublin rancher.

Persons interested are invited to both meetings, Ragsdale said.

## Crop Production Survey Planned For State In Oct.

Information supplied by some 35,000 Texas Farmers and ranchers will become the basis for the official crop production estimates for each county and the state.

County Agent Kirby Clayton said a representative number of farmers and ranchers in Jones County will be among the 35,000 in Texas receiving the questionnaire from State Statistician Gary Palmer of the Texas Crop and Livestock Reporting Service in Austin. The questionnaire will be mailed during the last half of October.

Accurate estimates are of great importance to producers in planning their production and marketing, farm program participation and also providing an unbiased picture of Texas agriculture, emphasized Clayton.

The program of estimates for each county is provided by the Texas Legislature. Since Texas covers such a wide area and with great diversification of production, state totals alone do not provide adequate information on our most basic industry, Agriculture, the county agent explained. This is a joint project, he said, between the Texas Department of Agriculture and the Statistical Reporting Service of the United States Department of Agriculture.

Because of the importance of the program, the county agent urges every producer in the county who receives a questionnaire from the Crop and Livestock Reporting Service to fill it out completely for his farm or ranch and return it to the Austin office of the Reporting Service.

per, Roy Embrey, E. J. Rowland, and Calvin Embrey.

The next meeting will be Oct. 22 at 7:15 p.m. in the library. All members are urged to attend the work night.

## Farmers Union District Cotton Committee Makes Views Known

The District III Farmers Union Cotton Committee, composed of cotton growers representing the 17 District III counties of the Rolling Plains, met Oct. 3 at Frazier's Cafe in Aspermont and prepared seven recommendations for the 1969 cotton program. First concern of the 19 members of the cotton com-

mittee present for the meeting was that mandatory diversion on cotton be increased from 5% to 12½%. It recommended that diversion payments be raised from 6c to 10c per pound. Other recommendations highlighting the meeting were that "skip-row" provisions and the 3 to 5 year county proven yield regulations remain unchanged from 1968. The recommendations were sent to the state Farmers Union office at Waco for combination with recommendations from the other eight Farmers Union cotton producing districts in Texas and forwarding to National Farmers Union as the Texas recommendations for the 1969 cotton program.

Members of the committee also sent their recommendations via telegram to Secretary of Agriculture Orville Freeman.

Members of the District III Cotton Commodity Committee are: Sammy White, Chairman, Knox City, Stuart Propst, Anson, Foy Mitchell, Roby, Max D. Carriker, Roby, F. T. Hogan, Jr., Merkel, Connie M. Seymore, Merkel, Allen Morgan, Merkel, Clayton Ryan, Paducah, Rance Gregory, Girard, H. W. House, Turkey, Elmer Lacy, Turkey, Smith Guest, Turkey, Ken Cary, Turkey, Leon Larre, Turkey, Jessie A. Johnson, Turkey, Robert Nippert, Quanah, Ivan Yarborough, Aspermont, B. F. Hoy, Aspermont, and Forest Creamer, Paducah.

Creamer, District III Director, introduced Sammy White, and appointed him as chairman of the meeting. Connie Mack Seymore acted as temporary secretary.

The following changes and recommendations for the 1969 Cotton Program were unanimously adopted.

1. That mandatory diversion on cotton be increased from 5% to 12½%.
2. That diversion payments be raised from 6c to 10c per pound.
3. To leave "skip-row" regulations unchanged from 1968.
4. Leave the 3 to 5 year county proven yield regulations as are.
5. Leave cotton loan rate as it is at 90% of world market.
6. Have no limitations of payments on farm programs.
7. Study feasibility of dividing representation on the State ASCS Committee into districts over the state.

Neinda Philosopher Says Worldwide Control Of Weather Is Fine Up to A Certain Point

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One apparently has discovered winter's coming on. Dear editor: I was in town the other day to pick up another ten-

cent bolt for a quarter and as I was finishing the transaction the store owner asked, "Well, how's the weather out your way? Need a rain?" "Yeah," I whispered, looking around to see who else was in the store, "I could use a little rain."

"What're YOU WHISPERING ABOUT?" he asked. "YOU EITHER NEED A RAIN OR YOU DON'T." The whole store could hear him, and I got my bolt and cleared out.

What he doesn't understand is that among farmers the weather is a delicate subject and it's considered highly unneighborly, not to say rude to hope for a rain outloud when some people around you haven't got their own crops out yet. Speak not of rain in the house of those who still have hay on the ground.

It's not that anybody thinks hoping has any effect, but it's as risky as denouncing Baptists or Methodists or Catholics when you're in a cafe and don't know what denomination the people at the next table belong to.

After I got home I opened up the newspaper I had hauled off and bought when I was in town, if the price of newspapers was as inflated as tractor bolts and warfare they'd cost a dollar instead of a dime, and immediately ran into an article on weather control.

According to it, scientists

YOUNG REPUBLICANS SPEAK OUT -- Gil Lain, president of the Young Republicans, in the high school senior civics class speaks out for his candidate during an assembly staged by the class Tuesday morning. The speakers covered the background, experience, and platform of Richard Nixon, Republican presidential candidate.

are working on eventual worldwide control of the elements. Some day, it claimed, man will be able to decide when it'll rain, when the sun will shine, where we need snow and how much; will be able to eliminate tornadoes and hurricanes and will never have a ball game called off on account of rain.

In fact, it said, the whole world will be air-conditioned, winter and summer.

This will be fine, until some day in the dead of winter when everybody has thrown his blankets away, has his windows open and is running around in his shirt-sleeves . . . the electricity goes off.

Personally I intend to keep a supply of firewood on hand, if I can get somebody to saw it for me.

Yours faithfully,

# Piper Patter

by Beth Craig  
Patty Cowan  
Mary Wallace

Piper fans learned Friday night that the name of the game is football. The "Big Green" beat Winters 14-6.

This Friday the Pipers host the Ballinger Bears. Mike Brown, hospitalized after receiving an injury in the Merkel game, came to the Pep Rally Friday. Everyone at HHS hopes that Mike will be back for classes very soon.

The band selected four band sweetheart nominees Monday. Selected were Beth Craig, Dianna Crowley, Patti Murphree and Pat Perrin. The sweetheart will be crowned at halftime during the Pipers vs. Ballinger game Friday.

A political assembly was held Tuesday morning by the Senior Civics students for the student body. The Young Republicans and the Young Democrats presented the program.

The Young Republicans presented the qualifications and beliefs of their candidate, Richard Nixon.

The Young Democrats presented a mock Democratic Convention with nomination speeches being made by the members.

Adding confusion to the convention were Wallace supporters. Several agitators had to be removed by MP's Milbourne Newland and Jackie Williams.

Speakers for the Young Republicans were Gil Lain,

## Pipers Take 14-6 Victory In Defensive Battle With Winters

Halfback Gary Smith got off a 70-yard quick-kick Friday night at Winters that ended a punting duel between the Pipers and the Blizzards that started with the opening kickoff and lasted until early in the second period. The quick-kick put the Blizzards back on their own one and after they punted gave the Pipers the ball on the Winters 40.

The Pipers moved in to score on a nine-yard pass play from Quarterback James Asher to End Charlie Shira and Duane Stewart kicked what turned out to be the winning point-after. The Pipers went on to win their first district game, 14-6, and gave both teams a 1-1 record in conference play.

The Pipers were forced to punt following opening kickoff and then stopped a Blizzard drive on their own 15. The two teams exchanged punts after this and then the Pipers lost the ball on a fumble at their own 24 to give the Blizzards another scoring opportunity. But the Piper defense held and took over back on the 29.

The two teams exchanged punts once again and then facing third and 13 from their 29, the Pipers called on Smith to quick-kick and Shira killed the ball on the Winters one.

Failing to gain a first, the Blizzards punted out to their 40 and it took the Pipers eight plays to score. Asher carried for six yards, and Tailback Spencer Ford gained a first down on a 10-yard run to the 24. Asher added one, Ford three, and a pass from Asher to Smith was good for eight yards and a first down. Tailback Robert Bolden carried for one, Asher for two and then Asher faked a dive into the line and raised up and hit Shira in the end zone for the TD.

Winters intercepted a Piper pass early in the third quarter to get into Piper territory on the 34. It took 11 plays to reach pay dirt with Halfback Arlon Barnes scoring from the one. The two-

president, Jo Lynn Johnson, Robert Bailey, Mike Young, Beth Craig and Jerry Elliott. Pat Perrin, Young Democrat president, presided during the "convention." Patty Cowan was convention secretary. Joey Duncan gave the keynote address. He was introduced by Linda Nichols.

The civics class is also registering students so they may cast their vote at school during the Nov. 5 election.

point try failed and the Pipers hung onto a one-point lead.

Only minutes later the Pipers recovered a Winters

fumble on the Blizzard 20 and six plays later increased their lead to eight points.

Asher, Bolden and Ford combined their running talents to reach the Winters goal line in six plays with Ford going over left guard for three yards and the score. Stewart added his second extra point of the night.

The balance of the game was played on the Winters half of the field with the Pipers driving to the 19 on one series of downs and ending the game on the Blizzard nine yard line.

## Exporting the CO-OP Idea

The first electric cooperative was energized in Texas in 1937. Now 31 years and 1,000 co-ops later, the idea may well become our most important export. Electric cooperative experts from Texas and other states are making regular trips to the orient, to the middle East and to South America to help the people of these lands organize a cooperative to provide their own electricity. And every co-op veteran who works this tour of duty in a distant land sees evidence of the early years in our own rural areas. But he sees a brighter picture, too. He sees the member-owned rural electric cooperative as a mature, dependable top notch electric utility that provides a low-cost efficient supply of electric power that is Helping Texas Grow. And he knows that the years ahead in all these lands will be brighter.

## WOULD YOUR CONGRESSMAN VOTE FOR GEORGE WALLACE?

Some fine Texans are tempted to vote for the 3rd party candidate because they admire his stand and his statements on some of the major campaign issues...

### STOP AND THINK WHAT WILL ACTUALLY HAPPEN...

The best that Wallace supporters can hope for is enough strength to throw the election into the turmoil of a Congressional election by the House of Representatives...

### THEN WHAT HAPPENS?

The answer is certain and simple. Wallace supporters are at the mercy of Washington Politicians! Every vote for George Wallace automatically becomes a vote for Hubert Humphrey!

### THERE IS A BETTER CHOICE...

A vote for the NIXON-AGNEW ticket is a positive vote for "change" with the definite promise that our National Affairs will take a new direction... the direction you want it to take!
